I spoke with Mr. Manchanda about my husband that was deported 3 years ago. He guaranteed me that he will bring him home no more than 3 months. I was absolutely thrilled. He requested me to send the file and \$5,000. and I told him I was going to have to borrow the money. I explained the situation that I had nothing left since my husband was our full financial supporter. I also just got a job at the time making 8.00/hr. He told me don't worry I will get him home and then we will sue the government for the pain and suffering they put us through. He said my husband's case was simple and not to worry. I even said please don't leave me without an attorney. He said absolutely not I like you and I feel your pain. He also knew at the time that our daughter had issues of depression from see her father being picked up and deported and plus he knew also of my manic depression issue also. He received the money spent it all in a month and charged me more on top. I tried to talk to him and he turned from being a nice guy to a rude, greedy, money, hungry, bs'er. He had people in his office calling me and harassing me for \$500.00 and said to me if I couldn't afford it I should have gotten another attorney. Like really!!! He gave his word to me he would work with me and help me get my husband home and NON of it was true. Don't believe this man because he is a crook and everyone at the office.

We have a case pending against Manchanda as well. I am a computer consultant that did work for him back in April of this year. When I began several of the attorneys working there were being fired without pay. As we began billing him the office manager (a new hire) was also let go without pay. This seems to be common practice for him. Anyone who has worked for and has been ripped off by Mr Manchanda please contact me. Our case is pending this month in NYC. Please contact me for details.

Please do not hire this lawyer. He is the worst immigration lawyer in NYC. Ask around. He will totally rip you off and do a terrible job on your case. Read his many complaints on /link removed/

Also do not work for him. It will be a waste of time as you will likely leave within a month or two. He is a joke. He threatens to sue and/or file complaints against former employees and clients. Ha Ha. This is coming from a guy who is constantly being sued and has had many many complaints filed against him. So scared. Not.

Don't base on the good review he had. He probably wrote it himself. Don't let him fool you. He WILL PROMISE YOU HE CAN FIX ANY PROBLEM YOU HAVE. He will take everything from you including, home, car, life savings and the SAD part is this guy don't even care. ALL HE WANTS IS YOUR MONEY. Let me tell you all about this guy. 1st -He will tell you your case is very easy and common (Such a nice guy during the first phone consultation--REMEMBER this is before you sign the retainer) then he will tell you come to his office and sign a \$5,000 retainer (so he can begin to be your hero). When you are at the office, these people are so well trained on how to convince you to sign it. They make you feel like it's just a piece of paper that needs a signature. After you sign it and pay your dues, once you leave the office EVERYTHING changes (Now you are trapped). 2nd - Your first \$5,000 may last you um... one to three weeks or it could be less. One to three weeks for \$5,000 makes you believe it might be reasonable because they just started on the case so they need time to go over it. But wait, after that EVERY WEEK you will be billed anywhere from \$1,000 - \$5,000 it could be more (without your permission for going over the retainer). Seriously, it looks like his clients are his personal credit card. He will run your bill \$20,000 to \$50,000 in no time. 3rd His attorney rates are \$300-\$400 an hour and there are other rates for paralegals and office clerks. Don't be surprised when you get your bill because 98% of time you will be billed for attorney rates. On the retainer it lists all the different rates but when you get your bill it is like there are no paralegals and office clerks even exist because everything is billed at ATTORNEY'S RATE. (EX. You pay \$300-\$400 an hour for somebody put a stamp on a letter to send it out or retrieve any information on your file if necessary from folders) The weird part is anybody can take your payment but nobody is allowed to discuss billing besides Rahul Manchanda. (I forgot to mention after the first phone consultation with Rahul then you sign the retainer, you will NEVER hear from this crook Rahul Manchanda again until he wants MOREEEEEEEEE money from you. (Almost weekly basis) He is the guy that gets you in the door then it is time to start collecting MONEYYYYY.) You will have pay however many hours he says his attorney has worked for you, basically with no proof. Sometimes he may send you an invoice stating the charges but NO Proof from any attorneys that have contributed the time. He generates bills and adds extra hours that weren't even legitimate. The invoice is not very detailed. (EX. Tom did a research.....4 hours---- \$1600 then two days later Tom continues research.....5 hours----\$2000) \$300-\$400 an hour? Let's do the math here based on \$300 an hour. \$300/60minutes that's \$5 per minute, so people..... every Extra Minute he charges it takes almost average people an hour job. Again, every EXTRA MINUTE he charges it takes almost average people an hour job. 4th Please be advised No Employees, including ATTORNEYS can ever last very long working here. (2-3 months Wonder Why?????????) If you hire him be prepared for new attorneys anytime. (Remember every time they have new attorney your file would have to be reviewed or studied all over again, THE PRICE WILL BE BILLED TO YOU \$300-\$400 AN HOUR. No questions asked. He makes so much money on billing Clients but his Employees are always fired without PAY including Attorneys! Wow!? How does he do that? 5th After you sign the retainer Rahul Manchanda will never respond to you other than you sending him payment information or involving getting payment to him. Sounds funny doesn't it? Again he will not respond to your questions other than getting MONEYYYYY to him. I think this says it all.

Finally, loving people with good hearts that needed help..... please take my advice and don't fall in this trap. Don't take what his website and his brochure says even though he will e-mail it to you everytime. That's how it got most people because it is very persuasive (bunch of false advertising). Go somewhere else and find a good attorney to represent you. If you don't believe me and want to get a second opinion or third or ..... or thirtieth just Google this firm. Check out how many complaints and reports they have. They are all 100% true. (/link removed/

If you are a victim of this firm please write a review. (Ex Employees or Clients)

I believe one day justice will be served for this guy for what he has done to too many good families in this country. Don't worry if he threatens you in anyway. Take him to court. He has no legs to stand on. If you don't speak English don't worry hire a translator and take him to court because he will try to threaten and scare you!

Another Bernie Madoff! What a Crook!!!

I agree completely that Manchanda is a thief! I posted the original over the immigration case of my husband. I wasted 2 years of mine, my daughter's and husband life with this law firm. I was promised the world of getting my husband home and then we were going to sue the government for doing harm to my family for the government mistakes in paperwork. Non of that happened except being harassed to hand over more and more money with nothing to show for. I even have emails on Thanksgiving Day harassing me to give more money to him. What human does such a thing? Manchanda is a ruthless, liar, thief that should not even have a license to practice law! After all the money I gave him I had to hire another attorney which thank God I found for the first time a legit hard working immigration attorney who actually fought for my family and within a year in a half got my husband back. If anyone who is in the process of suing this man please contact me because I am will to testify against this thief and hopefully get our money back and have him loose his license!
